Please Send Your Bids Early

Please Read These Terms of Sale and Avoid Misunderstanding and Disappointment

as your bids will be accepted ONLY on the terms as specified below,
and no exceptions can or will be made for any one.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, the first received gets the lot. When two or more unlimited bids on a certain lot are received, the first one received gets the lot at an advance of 5% over the highest bid.

When I receive your bids, I consider myself as your agent and buy the lot for you as much under your bids as the next highest bid will permit. I simply execute your bids for you as faithfully as if you had yourself been present at the sale.

No commission charge will be made on coins purchased for you at this Sale.

Lots are sold as catalogued. No lot is broken under any circumstances. Bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in a lot and you want to offer \$1.00 for the lot, make your bid 10c.

I guarantee all coins and notes to be genuine unless otherwise stated in catalog. But all claims must be made within thirty days from date of sale. And my guarantee means something to you. Remember that there are forty years of proven successful numismatic experience and ample financial responsibility back of this guarantee.

NOTICE TO NEW BIDDERS

Buying coins at auction sales is not the same as receiving coins on approval. The coins are bought for you on your order and you are of course expected to accept and pay promptly for them. Auction purchases are strictly net cash. Be careful in making your bids. Be sure that you bid for the lot you desire and at so much PER PIECE.

TERMS: The terms of auction sales are strictly cash. Parties unknown to me or those who have had no previous credit established, must send a deposit of at least 25% of their bids, **otherwise they will not be accepted**, as I cannot be expected to ship goods to parties whose good standing is not known to me.

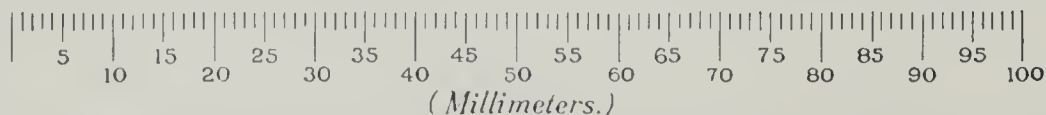

Remittance should be made promptly in any way most convenient to yourself.

A neatly printed list of prices of this sale, showing amounts realized for each lot, will be sent for only 50c, CASH WITH ORDER. This is surely the cheapest and best method to keep posted on the prevailing values of coins.

PLEASE SEND IN YOUR BIDS EARLY. All bids must be in on or before Tuesday, March 26th, 1940.

If you have any coins that you want to sell either at auction or private sale, write me for terms.

The size of Coins and Medals in this Catalog is given by Millimeters.

UNITED STATES SILVER COINS DOLLARS

- 100 1794 First year of our Dollar. This specimen is "good, fair, and poor." I know you will think this is an odd condition of a rarity, but due to the poor manner in which all of the 1794 Dollars were struck, the classification is justified. As usual, the left side of obverse and corresponding side of reverse is not struck up, so that on this Dollar, most of the stars on left and the 1 of date does not show; the balance of the obverse is about good: The reverse is very fair to good, although the legend is weakly struck and the part on the left is just visible. But the coin is free from any serious nicks or dents. It was simply weakly struck to begin with and then it saw some actual circulation. It is, however, an acceptable specimen of this rarity.

The Excessively Rare 1841 Quarter-Eagle

- 1324 1841 \$2.50 Gold of the **Philadelphia Mint**. Strictly fine; two pin-point nicks on the upper left reverse edge. Finely milled edge and not the coarse milling as is found on the Charlotte Mint. According to mint records, no Quarter-Eagles were minted at the Philadelphia Mint in this year. In Mr. Adams' "Official List," published in 1909, he there mentions that only two specimens were then known to exist, one in the Mitchellson Collection of Connecticut, now the property of the State and out of the market for all time; and the other in the U. S. Mint Collection in Philadelphia, also, of course, out of the market for all time. Since the publication of that work, four or five specimens have been discovered in that period of more than thirty years. I know of one specimen which sold, about ten years ago, for over \$3,000.00. Since then, when the other specimens were discovered, I know of another specimen which sold for \$1,100.00. The coin is undoubtedly one of the rarest of all the American gold coins. Considering present market conditions for this class of rarity, it is not worth in the four-figure mark, but certainly should bring well into the three-figure mark. According to the best of my knowledge, this is the first specimen ever to have been offered at auction. I'm sure that the collector who obtains this great rarity will find it a most gratifying source of possession and a profitable investment as well.
- 1325 1842 Philadelphia Mint. Strictly fine, with a pin-point, hardly noticeable, nick on lower right obverse edge. Very rare. At one time it sold for over \$150.00, but since then several specimens have been discovered, but the coin is still quite rare. And it is listed at \$40.00 and brings that amount and more.

While I disagree with the mint records, as I believe that more than that number was struck, but the coin is very rare, and in uncirculated condition only, it lists at \$125.00.
- 1383 1874 Probably the least rare of the series, but a bright uncirculated specimen is quite scarce so choice.
- 1384 1877 Originally a proof; the field on obverse shows slight wear, as do the highest portions, but it still retains considerable of its original luster. Worthy of a home in any collection, and one of the rarest of the entire series. Listed at \$100.00 in uncirculated condition.
- 1385 1878 Extremely fine.
- 1386 1879 **Brilliant proof.** The obverse field shows only the slightest evidence of handling. Wire edge. Very rare in proof. Catalogs at \$20.00.
- 1387 1881 Extremely fine. Originally struck as a proof and maintains considerable of its proof surface. Far better than its description of "extremely fine" would signify. Only 550 coined. An uncirculated specimen is listed at \$25.00.

- 1388 1882 Very fine, with some luster. Rare date; limited coinage.
- 1389 1885 Brilliant semi-proof. Very rare. Only 910 coined. A perfect proof is listed at \$35.00.

- 1391 1887 Beautiful brilliant proof, perfect in every respect. Struck in yellow gold. A gem, and as such, certainly worth its listed price of \$17.50.
- 1392 1888 Uncirculated; frosty mint surface. Scarce date and condition.
- 1393 1889 Last year of issue. Uncirculated, sharp, with mint luster. Scarce.

- 1443 1853 Extremely fine, with considerable luster. Very rare. Recent record, \$13.50.

- 1445 1857 Obverse, very fine; reverse, the same condition with the exception that the upper portion is not bold. Much more rare than its listed price of \$17.50 would signify. This coin cost \$21.00 a goodly number of years ago.

- 1449 1861 Supposed to be the rarest gold dollar known. Very fine; sharp. A very slight planchet dent on left edge of reverse. It does not affect the appearance of the coin in the slightest, and is a most acceptable specimen of this extremely rare coin which at one time sold at as high as \$350.00.

- 1583 1794 First year of issue. Very good for this coin. As usual, not a bold impression. A light, hardly noticeable, hair line scratch on left obverse and very light dent at forehead. A most acceptable specimen of this, one of our rarest, of all silver Dollars. A similar specimen brought \$130.00 in my last Sale.
- 1584 1795 Variety with three leaves under wings. **Uncirculated**; sharp, with every star filled; broad milled borders, and full frosty mint luster. A magnificent specimen, and very rare so choice. - 1593 1836 Flying eagle. C. GOBRECHT on base. Plain edge. Brilliant proof. Obverse shows the slightest cabinet friction, but it is a gem and worthy of a home in any collection. In great demand, and one of our most beautiful of all silver coins. At my last Sale there were no less than twenty-nine bidders for a Dollar of this date. It brought \$35.00.
- 1594 1839 Flying eagle; milled edge. Sharp brilliant proof with wire edge. Very rare. Listed at \$100.00 and certainly worth it.

- 1603 1866, '67 with and without bars to '70, '72 to '76, 1878 to 1895, including three varieties of 1883; '97, '99 to 1912, P and D of '12; 1913 Type 1, P, D and S; 1913 Type II., P and D Mint; 1914 to 1920 inclusive, P, D and S of each; 1921, '23, '24; 1925 to '27, P and D; '28 and '29 P, D and S; 1930 P and S; '31, '34; '35 and '36, P and S. The first four or five coins are extremely fine to unc., all others are uncirculated and proof. A nice nucleus for a complete set. The 1878 which is cataloged at \$10.00 is a proof. The 1912 Denver is bright uncirculated and catalogs at \$7.50. This set if purchased separately would cost not less than about \$150.00, and prices are steadily advancing. Please remember that it also contains a brilliant proof 1885 which is destined to become one of our rarest nickels, which I value at \$10.00 in proof. The 1886 is also rare as well as many others in this set. They should easily bring \$1.50 each. Please make your bids at so much per piece and not by the lot. 94 pcs.

NICKEL THREE CENTS

- 1604 1865 to 1889 excepting only 1885 and '86, including the rare 1877 and '78 and both varieties of 1887. With the exception of the 1876 all are proofs. As these coins are also in great demand, especially in proof condition, it is a waste of time to bid according to records of five years ago or even less. This set sells separately for over \$78.00. Please make your bids at so much per piece. 25 pcs.

SILVER THREE-CENT PIECES

- 1605 1851 P and O Mint, the last about unc., 1852 to 1866 inclusive; 1870, '71, '73. From 1851 to 1858 they are very fine and uncirculated; 1859 to 1873 are proofs. The 1864 alone is listed at \$17.50. This set if purchased separately would cost over \$60.00. 20 pcs.

- 1724 **Colo.**, \$5.00, 1860, Clark & Co. Extremely fine; unusually sharp impression. Very scarce. In this condition has a record up to \$40.00.
- 1725 **Colo.**, \$5.00, 1861, Clark, Gruber & Co. Fine. Very scarce.
- 1726 **Colo.**, \$2.50, 1860, Clark & Co. Very fine, but has been mounted and solder removed from obverse. Listed at \$25.00 in very fine condition.
- 1727 **Colo.**, Pattern \$20.00, 1860. View of Pikes Peak. Struck in copper. Uncirculated; light brown and mint red surface. The gold specimen has a record up to \$1,000.00.
- 1728 **Colo.**, Pattern \$20.00, 1861. The very rare plain edge variety. Beautiful brilliant copper proof. Rare, especially so choice.
- 1729 **Colorado Pattern**, \$10.00, 1860. Same type as the gold variety; view of Pikes Peak. Beautiful copper proof. Far more rare than the gold variety. Cost \$25.00 a number of years ago.
- 1730 **Utah**, \$5.00, 1860. The rare variety with lion and beehive. Very good; light scratch across obverse and center of beehive worn, but everything plain, especially the legend, date, etc. Record for perfect specimen up to \$150.00. This coin cost over \$40.00 several years ago.
- 1731 **Utah or Mormon**, \$2.50 Gold, 1849. Strictly fine to very fine. Edge of obverse slightly nicked. But a most desirable specimen of this very rare coin. Listed up to \$150.00 in very fine condition. Recent record \$105.00.

RARE CALIFORNIA FIFTY-DOLLAR GOLD PIECES

- 1732 1855 Wass Molitor & Co., \$50.00. Round. Can be classed as fine for this piece. It has the usual small or light nicks, but is above the average for this rare and much-in-demand coin. It is just about as nice as the specimen which brought \$442.00 in my last Sale. It is seldom that I am able to offer more than one in a year or two.
- 1733 1852 Augustus Humbert, \$50.00. 887 THOUS.; small date. About fine; far above the average. This variety is listed at \$300.00, and a slightly better specimen in my last Sale brought \$250.00.
- 1734 1915 \$50.00, Panama-Pacific. **Round.** Uncirculated, with full mint luster. Very rare and in great demand. Only 483 in existence. (In my last catalog I stated that 574 of these great coins were sold. But my highly esteemed friend, Mr. Farran Zerbe, who handled all that were distributed, called my attention to the error. He states that only 483 exist. And, of course, there is no one who should know better than Mr. Zerbe). This coin now retails up to \$450.00. Recent record of \$315.00. I believe that some day in the not far distant future it will be in the \$500.00 class or higher.
- 1735 1915 Panama-Pacific \$50.00. Octagonal. Perfect uncirculated. Very rare. Perfect mate to the preceding lot.
- 1736 1915 \$1.00, Panama-Pacific. Head of Labor. Uncirculated. 2 pcs.
- 1737 1927 Lincoln Gold Token. Size of large U. S. gold dollar. Fine portrait of Lincoln. Semi-proof. Scarce.

COMPLETE TYPE SET of U. S. COMMEMORATIVE HALF-DOLLARS OFFERED at a FIXED PRICE

This complete collection of all different types of our commemorative Half-Dollars was offered and bid in at my last Sale for \$102.00. But the purchaser failed to take it up, probably due to financial "insufficiency." The set is complete from 1892 to 1938, including one of each type issued, including the rarities, Panama-Pacific, Missouri, Hawaii, Vancouver. All uncirculated. This set, if purchased separately lists up to \$170.00 at present reduced prices. I offer the set, which was left on my hands, at the price it brought in the last Sale, that of \$102.00. Whether or not you "go in" for commemoratives, this is certainly a fine opportunity of getting a real bargain in a set of our beautiful coins.

IMPORTANT FACTS

for You to Consider---Before You Offer Your Collection!

First, use your own thinking and analyzing. Do not rely on any claims.

Second, consider experience and reliability. (I believe all numismatic dealers are reliable.).

Third; MARKET. And here's where you are apt to go astray. Size of a city or the number of collectors in it does not make it a "Market." You KNOW that the number of buying collectors in ANY city represents only a small fraction of the total number of collectors in the country.

How many actual buyers attend the so-called public sales? They will not average more than twenty-five to the Sale. But my Quality Sales average more than Five Hundred (500) bidders at EACH SALE! (At some of my Sales nearly One Thousand bidders were represented.)

You must also consider where and how the various coin markets obtain their buyers. You can only obtain a large market by advertising,—creating new collectors. In the past twenty years I have spent over One and One-Half Million Dollars (\$1,500,000.00) for advertising. I paid as much as \$20,000.00 for one single advertisement. Often I make a splurge and send out as many as Six Thousand (6,000) Sale Catalogs in one mailing. I have had as many as Ten Thousand (10,000) different buyers, small and large, in a period of one year.

Then the proof of the pudding is the prices realized. AND, last but certainly not least, is the Financial Responsibility of the dealer with whom you place your collection. This is VERY important to you. It gives you full assurance and a feeling of security that the value of your collection is safe and that you will receive the results of the sale or the value of the collection regardless what happens. (Look me up in Dun and Bradstreet.)

And one last thought: If you prefer to sell outright for spot cash, I will pay you as much and more for your collection than it will NET you at any market and you will have the additional advantage of immediate cash payment. I can afford to do this due to my extensive advertising, which has built up for me, I believe and can prove, to be the largest numismatic clientele of any numismatic market.

What I've been trying to tell you is that you owe it to yourself to write me before you sell. I assure you of a prompt, courteous reply without the slightest obligation on your part.

Cordially yours,

B. MAX MEHL.

THANK YOU, *Gentlemen*, -

FOR WRITING, UNSOLICITED ON MY PART, THIS MOST
CONVINCING AND HIGHLY COMPLIMENTARY
ADVERTISEMENT FOR ME:

"The Catalog with the record of prices realized will be an **INVALUABLE** addition to my extensive collection of numismatic data. For years I have kept the catalogs of the leading Sales throughout the Nation—and some foreign—but I have yet to receive a more handsome and complete catalog than that of yours. It is truly a work of art as well as being a numismatic treasure."

"I might say frankly, that usually I dislike to bid on mail auctions, for the reason that very rarely do I find that they meet my approval as to the condition described in the Auction List. Therefore, I am agreeably surprised to find that every coin purchased from your Sale was fully up to the description given by you."

T. J. C.
Jamestown, N. Y.

"I think I owe you a few words in regard to your catalogs and other publications that you have sent me. I think that they are indispensable to the average collector. Every one of your catalogs covers practically the entire gamut of U. S. numismatics, so that a collector can keep informed not only about prices, but about the best available condition of most U. S. coins, and thereby learns what to aim at. In other words, by your excellent catalogs you help to raise the collectors' standards of quality. Your other publications also benefit the collectors by your wide and long experience in their hobby. I know you will keep up your high standard."

B. G. L.
Roxbury, Mass.

"Your latest catalog is one of the finest I have yet seen. This catalog supplemented with the Price List, makes the combination an invaluable addition to every numismatic library."

N. R. C.

A. B. S.

On looking over your catalog and comparing it with others, I can readily see what an awful lot of work and time you spend getting it out. I have done business with you since 1911, and I have always saved all of your Sale catalogs."

R. A. M.

H. W. A.

"Your hopes of broad smiles and satisfaction on my countenance was fully realized on examination of the beautiful coins you sent me. I would say that material of this kind is a fine reflection of your many years in a fine business."

A. F. W.
Springfield, Mass.

"The coin is indeed a very acceptable specimen, which I am glad to be able to add to my collection. This particular specimen will have an added significance for me beyond its condition and rarity, for I will always associate with it the prompt and unequivocal manner in which you agreed with me that a mistake had been made and the cheerful manner in which you rectified it."

R. F. M.
Scarsdale, N. Y.

We Appreciate Nice Things!

As we are all human, (and I'm no exception), we appreciate the nice things our friends say about us, especially so when we endeavor so diligently to prove worthy of it. So I trust I will be pardoned for publishing the preceding voluntary and unsolicited expressions from just a few of literally hundreds of similar letters I have received just as a result of one Sale alone.

Of course, being human, there is always a chance for an honest difference of opinion, and especially so with regard to the classification of coins. Then again, an honest mistake may creep in now and then regardless how careful we may be. But there is no one who can truthfully say that I have ever failed to adjust a complaint and most cheerfully rectify an error made when my attention is called to it.

While I solicit your bids for my Sales, and orders for your collection, but what I really value most are the friends I have made and retained through my numismatic experience in these past forty years. I value the friendship of the One-Dollar buyer as I do of the Thousand-Dollar buyer.

Cordially yours,

AND—

*Whether Your Collection is worth
Five Dollars; Five
Thousand, or Fifty
Thousand Dollars ---*

I still insist, and you will agree
with me, that you can make no
better investment in pleasure
and profit, than by investing just
fifty cents in a—

PRICE LIST *of* THIS FINE
SALE!

Three thousand catalogs of my Sales are distributed. About half of the collectors order a Price List. They recognize the great value of it. Are you one of 'em? If not, use the enclosed convenient order card now. You will profit by it.

B. MAX MEHL.

IMPORTANT FACTS

for You to Consider---Before You Offer Your Collection!

First, use your own thinking and analyzing. Do not rely on any claims.

Second, consider experience and reliability. (I believe all numismatic dealers are reliable.).

Third; MARKET. And here's where you are apt to go astray. Size of a city or the number of collectors in it does not make it a "Market." You KNOW that the number of buying collectors in ANY city represents only a small fraction of the total number of collectors in the country.

How many actual buyers attend the so-called public sales? They will not average more than twenty-five to the Sale. But my Quality Sales average more than Five Hundred (500) bidders at EACH SALE! (At some of my Sales nearly One Thousand bidders were represented.)

You must also consider where and how the various coin markets obtain their buyers. You can only obtain a large market by advertising,—creating new collectors. In the past twenty years I have spent over One and One-Half Million Dollars (\$1,500,000.00) for advertising. I paid as much as \$20,000.00 for one single advertisement. Often I make a splurge and send out as many as Six Thousand (6,000) Sale Catalogs in one mailing. I have had as many as Ten Thousand (10,000) different buyers, small and large, in a period of one year.

Then the proof of the pudding is the prices realized. AND, last but certainly not least, is the Financial Responsibility of the dealer with whom you place your collection. This is VERY important to you. It gives you full assurance and a feeling of security that the value of your collection is safe and that you will receive the results of the sale or the value of the collection regardless what happens. (Look me up in Dun and Bradstreet.)

And one last thought: If you prefer to sell outright for spot cash, I will pay you as much and more for your collection than it will NET you at any market and you will have the additional advantage of immediate cash payment. I can afford to do this due to my extensive advertising, which has built up for me, I believe and can prove, to be the largest numismatic clientele of any numismatic market.

What I've been trying to tell you is that you owe it to yourself to write me before you sell. I assure you of a prompt, courteous reply without the slightest obligation on your part.

Cordially yours,

B. MAX MEHL.
